an UNFINISHED MEMORY
in Eastern Galicia
2nd Edition

Eastern Galicia Tour 2022
June 20-25, 2022
The area of former Galicia occupies a special place in the Jewish history and collective memory. Nowhere else do traces of Jewish civilization stand side-by-side with those of the Holocaust and destruction in such a literal and visible manner. Nowhere else in Europe is the presence of the void created by the Holocaust as tangible as in the lands of modern Poland and Ukraine. Nowhere else is the evidence of destruction as lasting and ubiquitous as it is here – because nowhere else in Europe was Jewish life as developed as it was in historic Galicia. The political and social reality shaped by the Second World War and the communist era caused those physical elements that survived to be forgotten for years. Instead of remembrance, a lack of memory appeared – a shared amnesia – which sanctioned further mass devastation of those fragments of the broken world that somehow remained. Jewish cemeteries were plunged beneath concrete and converted into bus stations; matzevot with still-visible inscriptions and decorative art became a cheap and in-demand building material for new inhabitants. In towns without Jews, synagogues were re-adapted as schools, cinemas or fire stations. Buildings and objects that not long ago served Jewish communities became enigmatic artefacts obscurely remaining a world that once existed.

An UNFINISHED MEMORY in Eastern Galicia – 2nd Edition
Eastern Galicia Tour 2022
The Galicia Jewish Museum invites you for an **EXCEPTIONAL TOUR** that will touch the very core of what a Jewish memory of Galicia is.

In 2019 the Galicia Jewish Museum organized first edition of the tour following the traces of the Jewish past of what is today West Ukraine. In 2022 we invite you for the second edition, that will allow you to discover even more treasures of the Jewish civilization that for centuries flourished at the area of former Eastern Galicia, as well as painful evidences of the horrors of the Holocaust, raising complicated questions about the past, present and the future.

The tour will be led by an **ACCLAIMED SCHOLAR AND ARTIST** professor Jason Francisco, author of numerous publications and exhibitions focusing on the Jewish past and presence of the Western Ukraine, former Eastern Galicia.

Check-out

“The trip to Ukraine was pretty amazing and despite 40 years of studying the Holocaust I was blown away by what I learned. (...) I first want to tell you that Agata was an incredibly professional, knowledgeable, intelligent guide. (...) As for the sites we went to Jason was extraordinary—and gave our experience of each of them special attention and extensive explanation. His knowledge, investigation, sensitivity, thoughtfulness regarding each participant earned my deep respect.”
